

# TRYON TRADING

NEWSLETTER 162

FEB 2011

## SERVICES

Tryon Trading's primary Lines are flowmeters & related instruments.

We have been the export sales arm for both Liquid Controls Sponsler and Venture Measurement since we first started in business. The products of Liquid Controls were added about two years ago.

We welcome quotation requests by Specification or Part Number, and will offer the most cost effective products. In addition to LC and Sponsler, we offer other USA manufacturers (Brooks, Daniel, Cameron, etc.). Please see our Line Card.

For all others manufactures on our Line Card we need Manufacturer's name and Part Number.

We have established quoting relationships with over 400 USA manufacturers. For projects, we can offer valves (Valtek, Groth, Crosby, Saunders, Jordan, etc.) as well Instruments (Barton, UE, Ashcroft, Honeywell, Rosemount, Magnetrol, etc.) See Line Card.

We deal only in NEW MANUFACTURE products, from the manufacturer or their USA Authorized Reps.

## 25 YEARS SERVICE

Tryon Trading has entered into it's 25<sup>th</sup> year as an Export Trading Company.

We would like to take this opportunity to thank our International Reps and Customers for their business. During this period, we have developed many close friendships.

We also thank the many USA based suppliers and Manufacturers that have trained us, and supported us as our business grew.

We wish ALL  
a good  
and  
prosperous year

### WELCOME

WELCOME TO NEW FIRMS THAT ARE VIEWING THIS NEWSLETTER.

WE ARE GLAD TO SERVE YOU AND WELCOME YOUR CONTINUED USE OF OUR QUOTATION SERVICES.

Special notices on Bulletin board
